CAREER SCHOOL AND COLLEGE PERFORMANCE INDICATORS²

Workforce Commission (TWC). These schools are required to submit the student enrollment and outcome information for courses approved by TWC by December 1 of each year.

Completion Rate-Completion Rate is the number of students who graduated as a percentage of all students who left school, not counting those who left because they entered other post-secondary education program, the military, or incarceration; or died.

Employment Rate-The employment rate is a calculation of the number of graduating students who were employed in an occupation for which they were trained by the program, as a percentage of all students who graduated from the program, not counting those who entered another post secondary education program or the military full-time, were incarcerated, or died. Employed students include both those that were actively assisted in obtaining their job by the school (Placed) and those that were not (Not Placed).

Note: There may be various reasons why there is no data displayed under enrollment, completion or employment:

- n/a is shown for programs that were not yet approved during the reporting period.

- For programs with no completion or employment rates the report will reflect "No (0) enrollments" or "No completers" and "No employment rate %".

-Registered Apprenticeships are exempt from performance.
